MAYONNAISE 165 G

A plant-based diet is an increasingly popular type of diet. It is based on the consumption of foods of a predominantly plant origin with an emphasis on choosing as few processed foods as possible, but also limiting the intake or complete elimination, of the consumption of meat and dairy products. Many studies have confirmed the positive effect of a plant-based diet on overall health and a reduction in the risk of developing most common diseases.

PRODUCT FEATURES

vegan

egg free

preservative free

emulsifier free

dye free

with the addition of psyllium and bamboo powder

PSYLLIUM

Minced plantain husks, a source of natural fiber that help with digestive problems.

SAUCE 260 G

Consumers' top priority for meat food alternatives is taste. If the products do not transfer tastiness on the package, they will not inspire trial. More importantly, if they do not taste good, consumers will not re-purchase them.

PRODUCT FEATURES

vegan

egg free

preservative free

emulsifier free

dye free

with the addition of ginger, turmeric, cumin and chives

GINGER

Ginger energizes the entire body and has a significant effect in relieving indigestion, the symptoms of atherosclerosis, arthritis, and nausea. It is an extremely effective in relieving inflammation in the body, reducing pain, promoting healthy development of body tissues, strengthening immunity, and reducing the risk of heart disease, cancer, and chronic diseases such as diabetes.

TURMERIC

The active ingredient curcumin is a natural antiseptic. It also lowers cholesterol, is a natural liver cleanser, and can lower blood glucose levels.

CUMIN

Cumin can help rid the body of fat and reduce the level of bad cholesterol. It contains large amounts of iron. The presence of caffeine, vitamin C and rich essential oils, which stimulate and disinfect, makes cumin extremely useful for various respiratory infections and colds.

COCONUT OIL 250 G

Consumers' top priority for meat food alternatives is taste. If the products do not transfer tastiness on the package, they will not inspire trial. More importantly, if they do not taste good, consumers will not re-purchase them.

PRODUCT FEATURES

- 100% coconut fat
- vegan
- odorless and tasteless
- lactose free
- gluten free

PRODUCT FEATURES

Coconut fat has a neutral smell and taste, which is why fans of good tastes will recognize it as an ideal food for preparing salty and sweet combinations. Although it comes in a solid state, it is easy to use. At temperatures above 25 °C it will soften, and if the recipe requires liquid fat, melt the coconut fat in a pan. 24
